- ◆ Years at CAL: 19
- ◆ Church: Douglass Hills Church of Christ
- ◆ Sport(s) Played: Softball, Cheerleading & Tennis
- ◆ College(s) Attended: Georgetown College and University of Louisville

What do you love most about athletics? I love seeing the students bond as a team and develop great team building skills that can be used for them to succeed the rest of their lives!

How has God used sports in your life to draw you closer to him? Through sports, I have been blessed with great coaches and mentors. These people that God placed in my life encouraged me spiritually, physically and emotionally.

What spiritual lessons can be learned through athletics? Students learn perseverance, teamwork, trust and how rewards come from hard work and dedication...all have spiritual application as well.

Outside of sports, what is your passion? I have always lived an active lifestyle. Fitness is very important to me so I love to go riding on my bike, canoeing, kayaking and going to the lake with my friends and family.

What is your biggest goal in your new position as Asst. AD? CAL Athletics has an excellent heritage, my goal is to continue that level of excellence. I would love to see our intramural program grow stronger and help our high school student athletes reach their dreams of playing at the college level.

Lightning Round
